HORUS

Van time. Fun time!

On the road to fun.

Your next adventure with Horus starts here. Do it your way, because there is a Horus for every free soul. Compact and sleek or large and spacious, choose the van you prefer from a range designed to meet your needs. An example? Horus 45, with overlapping and modular double beds at the rear, offers up to four comfortable berths in the sleeping area. And if there are five of you on board, the dinette can become an extra bed to accommodate everyone.

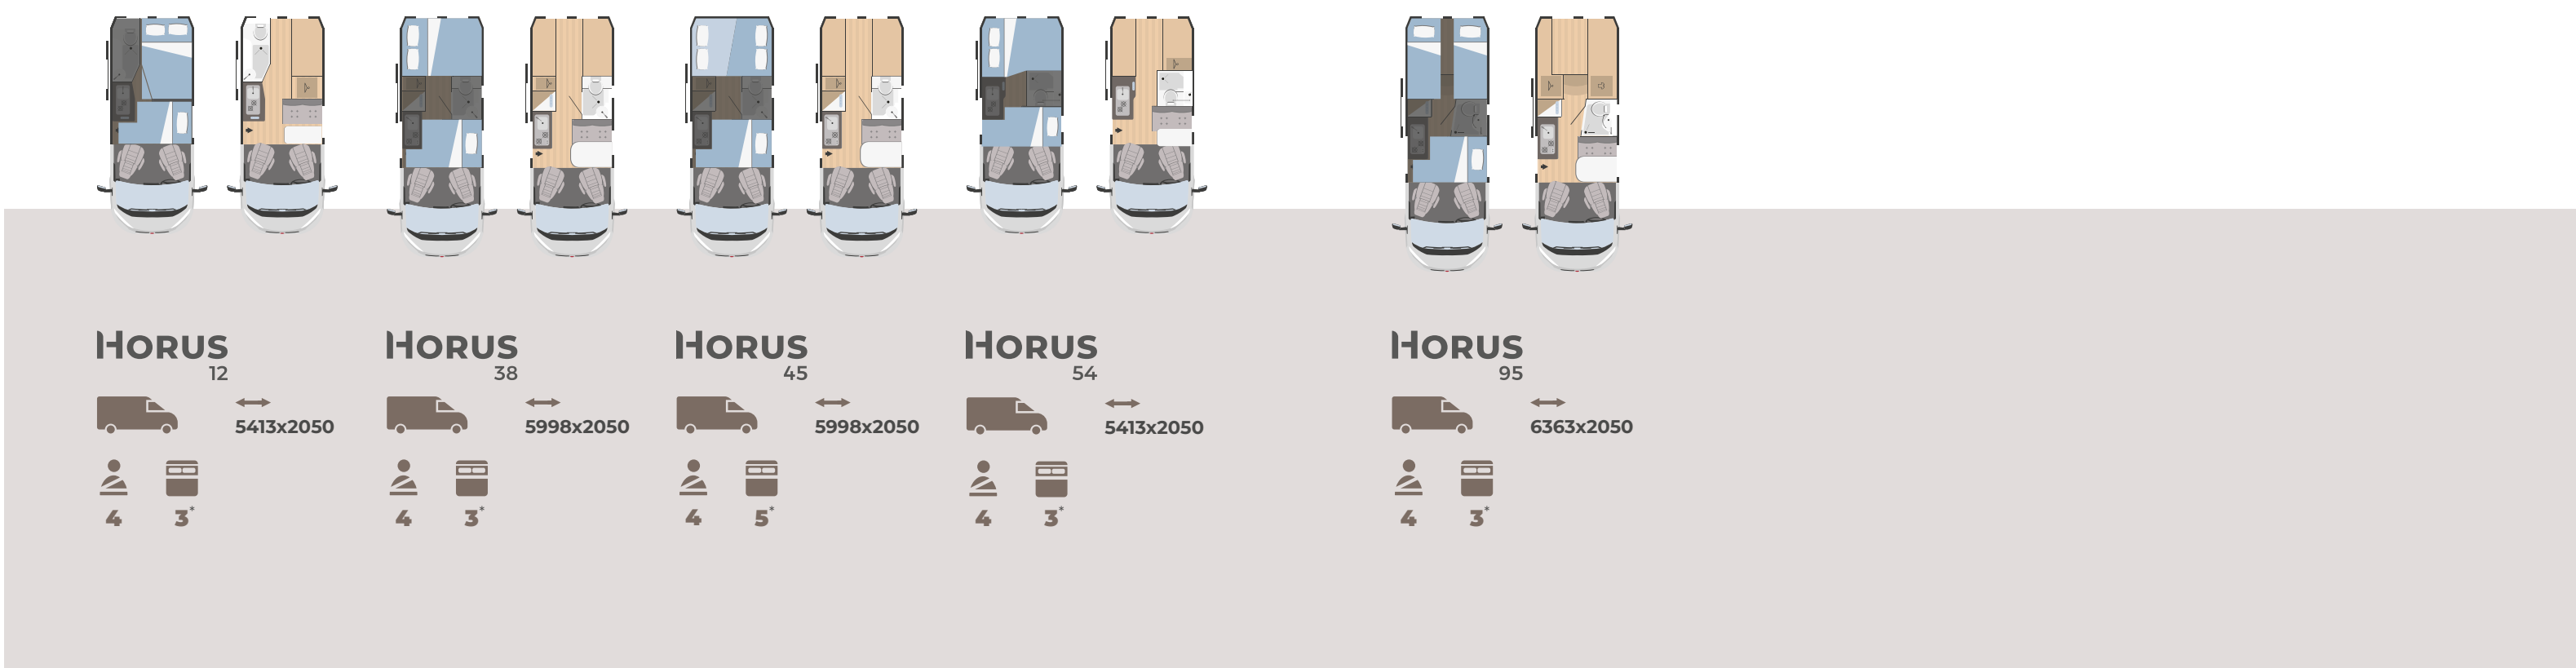

Control the lights from your smartphone and recharge the auxiliary batteries efficiently with the new smart MEB-300 system. Enjoy the comfort of home in all the configurations: with double, twin or French beds. Get ready to be amazed by the new features: from the front and side driver's cabin blinds to the large 700x500 mm panoramic window, as standard throughout the range.

CONFIGURATIONS

Compact or spacious, Horus adapts to your way of living life on the road. Modular, twin, French or overlapping beds. Do you need more space? Horus 54 and 38 transform the sleeping area into a storage area, and Horus 45 has up to 5 berths.

SLEEPING AREA

- French bed (Horus 12)
- Double bed (Horus 38 / Horus 54)
- Double superimposed bunk beds (Horus 45)
- Twin beds (Horus 95)
